Attention: MEDCARE Hospital LLC will NOT have any responsibility, legal obligation, will solicit for funds or do any sort of financial transactions with any NGO/Aid/fund raisers/sponsor(s). Our single point of contact will be the patient's parent(s) or legal guardian. Billing & Invoice information will be disclosed to parent(s) or legal guardian only.

While it is an optional facility, MEDCARE encourages a financial tri-party agreement involving the hospital/service provider, parent/legal guardian and charity/donor/foundation. Please ask our International Patient Services team for more information.

**** Refund Policies & Prior Authorization**

If treatment cost is fully or partially fund raised/charity/crowd funded, "No Objection" letter with seal & signature is necessary from NGO/Aid/Sponsor/Authorised Designatory for claiming refund of unused funds available under the registered/sponsored patient's name.

*Note: This Cost estimate given is strictly intended for treatment at MEDCARE ROYAL SPECIALITY HOSPITAL, Dubai. Not to be misused or exploited for unapproved fundraising or for treatment in a hospital/clinic that is NOT a part of MEDCARE ROYAL SPECIALITY HOSPITAL network.

DR. VIVEK MUNDADA

CONSULTANT-PAEDIATRIC NEUROLOGIST

Our highly trained British Board Certified Paediatric Neurologist, Dr. Vivek Mundada conducts detailed evaluations using advanced diagnostic tools to ensure accurate diagnosis and a customized management plan for every child.

- Dr. Vivek Mundada chaired the SMA and DMD management guidelines for Ejadah, Dubai Health Authority.
- He serves on the global advisory boards for leading gene therapy companies, including Novartis and Roche.
- A recognized world and pioneer leader in gene therapy, Dr. Mundada shares his expertise worldwide, having been invited to speak in the UK, Poland, Italy, South Korea, Taiwan, and more.
- Under his leadership, the gene therapy team at Medcare has published extensively in peer-reviewed journals and presented at prestigious international conferences.
- Dr. Mundada is a key contributor to the 2025 clinical guidelines for SMA gene therapy.
- A pioneer in complex gene therapy cases, he was the first physician to treat children with invasive ventilation needs, now managing the highest number of gene therapy cases globally, with patients traveling from across the world, including Iran, Turkey, Russia, and more.
- The Royal College of Paediatrics and Child Health, UK has awarded him the MRCPCH and DCH degrees as well as the prestigious fellowship (FRCPCH). He has worked in several hospitals in the UK, including Royal London Hospital, Great Ormond Street Hospital, Addenbrookes Hospital, and Norfolk and Norwich University Hospital. His work in the field of acquired brain injury as the consultant paediatric neurologist in Royal London Hospital was acknowledged by the House of Lords, UK.
- Dr. Mundada is an active member of several professional associations, including the British Paediatric Neurology Association, the European Paediatric Neurology Society, the International Child Neurology Association, the British Academy of Childhood Disability, the American Academy for Cerebral Palsy and Developmental Medicine, the International Headache Society, and the Indian Association of Paediatrics.
